

GENERAL[®]**iBorescope4**

Ideal for making high quality video inspections of hard to see or hard to reach areas

A free app from the iTunes[®] App Store or Google Play Store enables any Apple[®] iOS or Android[™] device to display, capture, store and play back video clips and still images observed with the iBorescope4

**Features:**

- Generates a local WiFi hotspot (without Internet access) for transmitting probe video to app-enabled smart phone
- Long 36 in. (914mm), thin 8mm (0.32 in.) diameter flexible-obedient waterproof probe captures VGA (640 x 480 pixel) resolution video
- Soft buttons on app capture .mov video clips and .jpg still images of live video stream. Clips and stills are saved in separate, dated folders within iSNAKESCOPE app. Files can be viewed immediately.
- Thumbwheel on grip controls camera lighting
